AUDIT & ASSURANCE SERVICES

Our unique business approach recognizes that the primary objective of auditing financial statements cannot be completed effectively unless the entity behind those financial statements is thoroughly understood. We spend a considerable amount of time developing a current understanding of our clients' issues and needs. Knowledge of your organization brings a needed perspective to more efficiently and effectively perform and audit of the financial statements.

Warren Averett offers audit and assurance services, including:

- **Internal Audits** – Assessing and managing risk from an outsourced internal audit function for organizations of all sizes
- **Audit, Review & Compilations** – Conducting audit procedures and techniques in order to maximize value and minimize disruptions
- **Specialized Audits** – Providing audit services to government entities and nonprofits receiving federal grants
- **Review & Assurance** – Improving the quality of information and its context for decision makers through independent professional services
- **SEC & IFRS Reporting** – Seeking avenues to improve a business's bottom line, all with an eye toward the independence rules of the SEC and Public Company Accounting Oversight Board
