## GRACE VASQUEZ

Project Manager | Warren Averett Technology Group

D 205.313.4730 | F 205.979.6313

2500 Acton Road | Birmingham, Alabama 35243

[Grace.Vasquez@warrenaverett.com](mailto:Grace.Vasquez@warrenaverett.com)

Grace Vasquez joined Warren Averett in 2014 and is a Project Manager for the software division of Warren Averett Technology Group (WATG). Grace has over 30 years of experience in implementing business processes and procedures to create an efficient and effective work environment. Her primary responsibilities include managing projects for software implementations, integrations, upgrades and enhancements along with customer communications. Grace is also a Microsoft Customer Support Specialist. Her diverse experience in business administration, reporting, compliance, project and vendor management makes her an invaluable member to her team. Prior to moving to Birmingham, Alabama, she was a Global Sourcing Manager, responsible for procurement, logistics and import/export clearance of inventory to/from international ports and projects from around the world, from private yachts to cruise vessels (new builds, refits, renovations and dry docks). Grace understands that each project is unique and is willing and able to respond to every client's needs individually.

### Ask Me About

- Multi-tasking and organizational skills to keep projects on schedule in a fast-paced environment
- Learning about software from ground zero
- Why volunteering for Tunnel to Towers Foundation and Wreaths Across America is so important to me
- My love of cooking and trying all kinds of foods
- Sightseeing and experiencing new places
