

QUALI-FINDER™

Uncover tax credits and incentives available to your company

IS YOUR COMPANY MISSING OUT ON TAX SAVINGS?

Manufacturing and distribution companies are often unaware of all the state and federal tax credits, incentives and strategies they may be eligible for. The laws guiding these tax advantages are complex and often vary in each state.

INTRODUCING QUALI-FINDER™

- A free diagnostic process in which our tax professionals analyze your business and report back savings opportunities
- No cost or commitment from you
- We look for savings opportunities with the following credits, deductions and incentives:
 - > Hiring Credits and Incentives
 - > R&D Tax Credit
 - > Cost Segregation Benefits
 - > Property Tax Review
 - > Negotiated Incentives
 - > Utility Audit
 - > Export Incentives
 - > Accounting Methods
 - > SALT for Manufacturing
 - > Fuel Tax Credit
 - > Disaster Relief Incentives
 - > Abandoned and Unclaimed Property

THE PROCESS IS EASY:

STEP 1:

Organize

We work with you to organize and securely transmit the relevant information we need to perform the analysis.

STEP 2:

Analyze

Our experts analyze your data to determine which federal and state tax credits and incentives you may qualify for. We'll also map out next steps in the process.

STEP 3:

Identify

Our team will identify opportunities that you should be taking advantage of but aren't. Savings vary, of course, but the numbers can be significant.

STEP 4:

Advocate

When the time comes, we will work with you and on your behalf to ensure that you get the full value of any tax credits or incentives that you are due.

Uncover your tax savings potential
