Sarah Beth Magette joined Warren Averett in 2019 and is a Member of the firm's Risk Advisory & Assurance Services Group. She has more than 12 years of public accounting experience. Sarah Beth is primarily responsible for internal control projects, including the identification, design, implementation and testing of controls. Her projects vary based on a company's size and needs, from assisting privately held companies establish an internal control framework, to helping public companies test for Sarbanes-Oxley (SOX404) compliance. Sarah Beth also assists with business process reviews, which involve documenting current processes and identifying weakness in internal controls to ultimately help companies reduce the risk of fraud and minimize information loss related to employee turnover. She is passionate about helping companies establish and maintain a strong control environment to help manage risk.
